

**Welcome to the Dakota Pheasants Forever
29th Annual Membership Banquet
Saturday, February 5, 2022**

Welcome to our sponsors, members and guests! Thank you for attending our 30th Annual Banquet! The Dakota Chapter also wishes to thank all the businesses, organizations and individuals that have donated time and financial support in making this fundraiser possible. Proceeds from tonight's event will fund habitat projects that benefit pheasants and other wildlife in the surrounding area as well as youth programs that will educate and develop our next generation of hunters and conservationists. In true grassroots fashion, one hundred percent of the profit from this event stays with Dakota Pheasants Forever to further those local efforts.

In 2020 and 2021, Dakota Pheasants Forever invested in the following habitat projects as outlined below:

- spring habitat projects providing **72** acres of new nesting grass
- winter habitat projects consisting of **16,216** shrubs and trees planted
- food plot projects for a total of **1004** acres
- **60** bales distributed for winter feeding
- **710** bags of corn, soybean and sorghum seed distributed for habitat plantings

Pheasants Forever is dedicated to the conservation of pheasants and other wildlife through habitat improvements, public awareness, education and land management policies and programs. Check out our website at www.dakotapheasantsforever.org. Thank you to Marv Dorner for creating our website! For more information contact Marv at marv@bebizzy.com
